

This is the last regular resource sheet I will be sending out. Please do let me know of any other resources that may be helpful so I can pass on information from time to time.

Highlights of the week

Several people have been asking me about captioning (subtitles for those in the UK!) Rev offer the possibility of live captioning for Zoom. Check it out here and take advantage of a free trial:

<https://www.rev.com/zoom-live-captions>

Google Meet offers live captioning but it should be remembered that any live captioning is only as good as the quality of the speakers' voices and clarity of diction.

I want to remind people that the BSL Church Worship Group and YouTube channel are still the best places to look for Sunday worship. This Sunday, the service focuses on God's Call and is led by Deaf people from the Diocese of Bristol (with some help from the rest of the world!)
